

WELCOME!

Whether you are one of the 12,000 runners at the start line or among the 30,000 fest-goers celebrating on our waterfront, welcome to a weekend where every mile matters!

Powered by the Good Sweat Foundation, St. Pete Run Fest is built on a shared belief: wellness for all, good for the planet. Together, we don't just run—we turn sweat into lasting community support:

- **Community Health: Expanding fitness and nutrition access throughout our community, and encouraging first-time runners with our Orlando Health Rookie Program and Foundation for A Healthy St Pete Pelikids Marathon Program.**

- **Food Security: As part of our ten years of partnering with the St Pete Free Clinic, we are raising $50,000 to support Care Forward to expand food access for 260,000 residents in need.**

- **Coastal Sustainability: Protecting Florida's shores as an Ocean Friendly event by eliminating single-use plastics, composting over 40,000 cups, recycling 30,000 cans (don't miss the Can Crush Carnival) and restoring habitats with our Ben Siwinski Tees for Trees native planting program.**

- **Innovation: Collaborating with FluentData and spARK Labs to showcase emerging companies and disruptors in the spARK Labs Innovation Zone.**

- **Art is Everywhere: With the most art per square foot in Florida, St. Pete-Clearwater is truly a destination that celebrates Art Everywhere. Experience local culture with the Radio St Pete Community Stage, live mural paintings, chalk art ground murals from The Global Love Project, dance with Movement Monday and take in Jazz Theory with projectALCHEMY and Jeremy Carter. When training or celebrating after the run, visit Shine St Pete Mural Festival, The Saturday Morning Market, Booker Creek Arts Festival, FloridaRAMA Fest and live music at Fin Fest.**

Keep on Running!
